Time  
Was Never  
So Much  
Fun!"

## PAC-MAN<sup>™</sup> WATCHES

Pac-Man<sup>™</sup> revolutionized the video game industry!

With the introduction of Pac-Man<sup>™</sup> and Ms. Pac-Man<sup>™</sup> Watches from Paxxon Corporation, a revolutionary new form of time-keeping also begins. Utilizing the unique new **floating disc technology**, Pac-Man<sup>™</sup> rotates, gobbling ghosts, power dots and cherries while telling the time. **Paxxon Watches** have Swiss jeweled movements and durable, colorful bands that fit any size.

Any Watch can tell you just the time, but **Pac-Man<sup>™</sup> Watches** gobble all day long for you.

**Wearing time was never so much fun!**
